Dear Colleagues,

The ERO board met in Monza for the 1<sup>st</sup> in-person-meeting of 2025.

A big "Thank you" to Edoardo Cavallé who organised the meeting for us at a wonderful location.

### Plenary Session Planning

The upcoming Spring Plenary Session in Almaty is in finishing phase. I would like to emphasise the ongoing collaboration with the host association. The high number of registered delegates is very much appreciated. Key topics will include Board Elections (the deadline for submitting candidatures has expired and the persons standing for election will be presented on the ERO website [Almaty 2025 - European Regional Organisation of the Fédération Dentaire Internationale](#) shortly). Further topics are, the Ethics Code discussion and voting and reports from the Working Groups.

### News from CED/ERO task force on corporate dentistry

The group has been holding productive meetings. A new survey about corporate dentistry and dental chains has already been sent to the member associations. Please fill it in in time, your input is valuable.
